

PRAKASH KUMAR DARAM

daramprakashkumar587@gmail.com +91-6302581405

SUMMARY

Backend Software Engineer with real-world experience building financial & healthcare backend systems, APIs, decision engines and data pipelines using Python, Django, PostgreSQL and Pandas.

Experienced in CIBIL third-party API integrations, JWT authentication, business-rule engines and large-scale master data processing (2+ million records). Passionate about clean architecture, scalable backend systems and production-grade application development.

PROFESSIONAL EXPERIENCE

Backend Software Engineer — Viprata Software Services Pvt Ltd

Apr 2025 - Present

- Designed and developed scalable backend services using Python, Django, Django REST Framework and PostgreSQL for financial and healthcare platforms
 - Integrated CIBIL third-party APIs, implemented JWT authentication, and built secure user verification workflows
 - Engineered a dynamic offer-matching decision engine that filters and maps bank products using admin-configured rules and real-time user financial data
 - Built large-scale master data pipelines using Pandas & NumPy to normalize and insert:
 - 7+ lakh company master records
 - 16+ lakh relational records
 - Nationwide location datasets (states, districts, pincodes, post offices)
 - Designed relational schemas, optimized queries, and ensured high data integrity & performance
 - Collaborated with frontend teams (React / Next.js) to integrate APIs into production UI flows

Junior Python Developer – VV Cube Consultancy Services Pvt Ltd

Nov 2024 - Apr 2025

- Mentored students in Python, Django, MySQL, and Full-Stack development
 - Developed internal automation tools including student performance reporting & email notification systems
 - Supported backend debugging, API logic design and database workflows
 - Strengthened expertise in backend architecture, automation & technical mentoring
-

OTHER EXPERIENCE

Sales Associate — DMart (via PROMPT & QUESS)

Oct 2023 - Jan 2025

- Responsibilities: Refill stock in biscuit and frozen sections to ensure shelves are well-stocked and products are readily available for customers.

UI Development Intern — REDCARPET Animation Visual FX

April 2023 - July 2023

- Description: Built static web pages using HTML, CSS, JavaScript, and ReactJS during a focused UI development internship.

EDUCATION

Master's Of Computer Applications	CGPA:8.10(81%)	2025
Pedanandipadu College of Arts & Sciences		
Bachelor of Science in Statistics and Computer Science	CGPA:8.11(81%)	2023
Jagarlamudi Kuppuswamy Choudary College		
Intermediate MPC	CGPA:8.34(83%)	2020
Sri Krishna Junior College		
Secondary School and Certification	CGPA:9.3(93%)	2018
B V R Z P High School		

TECHNICAL SKILLS

Languages: Python, JavaScript
Backend: Django, Django REST Framework, REST APIs, JWT Authentication
Frontend: React.js, Next.js, HTML, CSS, Tailwind
Database: PostgreSQL, MySQL
Data & Automation: Pandas, NumPy
Tools: Git, Postman, Linux, Prisma ORM
Concepts: System Design, API Architecture, Data Pipelines, Business Rule Engines

KEY ENGINEERING HIGHLIGHTS

- Built large-scale data pipelines processing 2+ million records
- Implemented financial eligibility & offer-decision engines
- Designed secure authentication & verification flows
- Worked on healthcare & fintech production platforms

ACHIEVEMENTS

- Awarded **Best Employee** at DMart in 2024 for outstanding performance in stock and inventory management.
- Scored a **perfect 10/10 in Physics** in SSC public exams (2018); received prize money for academic excellence.

CERTIFICATIONS

Python Full Stack Course Certification – Vcube Software Solutions	2024
• Successfully completed hands-on training focused on Python, Django, REST APIs, and backend development.	
Python Fundamentals – Great Learning	2024
• Completed foundational Python programming course with certification	
UI Developer Certification – REDCARPET	2023
• Completed certification during internship, covering HTML, CSS, JavaScript, and ReactJS.
